## Oya Group Agency Opening Session & Breakfast Speaker

Kathleen Ronald,  
Reach Your POWERhouse  
Potential *(No Guts, No Glory)*

Internationally known for her wit as well as her wisdom, Kathleen Ronald has been helping companies redefine their ideas of what's possible. As an expert business consultant, sales trainer and coach, Kathleen has worked for low-tech to high-tech organizations — from Nordstrom and Mary Kay to Sun and Apple. She has built departments, blasted through sales goals and brought people together in ways that others deemed impossible. Even more impressive than what she's accomplished herself, is the way she helps others reach their next level of achievement.

*Believe in yourself!* — is her self-motivator. "And it doesn't hurt to have a sense of humor," says Ms. Ronald. Her "no guts, no glory" approach will help YOU achieve your POWERhouse potential.

## Comerica Bank EBBYS Awards Luncheon Speaker

Will Durst

Will Durst is a five-time Emmy nominee and recognized as America's premier political comic. He has recently teamed up with San Francisco's best-known political figure, Willie Brown, to present "Keeping It Real with Will and Willie" on 960 Quake Radio. Durst is back at the EBBYS by popular demand, having brought down the house at last year's luncheon. He is an equal opportunity offender, sweeping both sides of the aisle with a quiver full of barbs sharpened by a keen wit and dipped in the same ink as the day's headlines. Look for more scoffing and taunting, but with Durst taste.
